

STAINLESS STEEL HOSE REELS

Coxreels' SS Series "Stainless Steel" hose reels offer a clean, sterile solution to applications that require clean, non-corrosive performance such as food processing, chemical transfer, and industrial solvent handling or in harsh marine environments where rust and corrosion thrive.

SPRING RETRACTABLE HOSE REELS

ELECTRO-POLISHED - The electrolytic polishing process gives an aesthetically lustrous mirror-like finish while providing additional protection against corrosion and contamination.

Hose Info: DO NOT EXCEED our listed hose O.D. to obtain maximum hose length

MODEL	LESS HOSE			PSI	APRX. SHIP LBS.	SIZE INDEX
